

Henrik Schinke

Curriculum vitae

Education

- 2017–today **Dr. rer. nat.**, *Ludwig-Maximilians-University of Munich (LMU)/ KUM*, Gires Lab, Munich, Germany.
Signalling cross-talk in Head and Neck Cancer.
- 2014–2017 **M. Sc.**, *University of Konstanz*, Germany, *NBE-Therapeutics*, Basel, Switzerland, ϕ : 1.6.
Biological Sciences with specialization on Cellular and Molecular Biology.
- 2011–2014 **B. Sc.**, *University of Konstanz*, Germany.
- 2001–2010 **Abitur**, *Reismann-Gymnasium*, Paderborn, Germany.

Doctorate

- Supervisor Prof. Dr. Olivier Gires (Director of ENT Research and Laboratory Director of Molecular Oncology, LMU/ KUM Grosshadern)
- Description My research emphasises on the effects of signalling pathways, related cellular programs, and their clinical outcome. Currently, I am working on a transcriptome analysis using *R*. Further, a predictive model for risk assessment of tumor recurrence in patients shall be developed.

Master's Thesis

- Supervisors Prof. Dr. Marcus Groettrup (Chair of Immunology, University of Konstanz), Dr. Ulf Grawunder (CEO, NBE-Therapeutics)
- Description I elaborated an enzymatic coupling strategy to manufacture highly homogenous and site-specifically conjugated ADCs. The enzymes were so-called split-inteins which neither require an external energy source nor co-factors.

Klingerstr. 31 – 81369 Munich – Germany

** June 01, 1991 in Germany*

Work experience

- 05/2017– **Internship**, *NBE-Therapeutics*, Basel, Switzerland.
11/2017 Molecular cloning, antibody expression, mammalian cell culture, ELISA, Flow cytometry, Western blot, FPLC.
- 11/2015– **Internship**, *Prof. Dr. Dr. Stefan Barth, Institute of Infectious Disease and Molecular Medicine (IDM), Faculty of Health Sciences, University of Cape Town (UCT)*, South Africa.
03/2016 Initiating a simulation of V(D)J-recombination using *Python* in co-operation with an RD engineer from HTWG Aachen, Germany.
- 09/2014– **Research Assistant**, *Dr. Andreas Thum, AG Thum, University of Konstanz*, Germany.
12/2014 Establishing experimental procedures including a laser microscope for the AG Thum.

Languages

German Native
English Fluent

Computer skills

Advanced R, Adobe Illustrator, MS Office
Basic FIJI, LaTeX, GraphPad Prism, Python, Ape, Geneious

Stay Abroad

- 2015–2016 **Cape Town, South Africa**, *Internship during Master studies*.
2010–2011 **New Zealand and Fiji Islands**, *Backpacking, Work and Travel*.

Achievements and Certifications

- 2020 **High-Dimensional Data Analysis**, *R course*, HarvardX by Harvard University.
2015 **PROMOS scholarship**, DAAD, Financial support for internship at IDM in Cape Town.

Interests

Sports Skateboarding, Snowboarding, Diving, Bouldering, Windsurfing
